## Appel à la danse

It is not a contest or a competition.  
It is not meant to be presented on a large stage in a big theatre with fancy light design, set design, and so on. The glamour is you and your dancing.  
What you share and what you give. You !

You get a chance to present a work of yours to an audience  
on a stage 6x8m, simple lighting, simple set-up.  
It is just you and what you share with us

Be creative and share it.
